

Drawing & painting:

This is orange. Orange cup.

This is purple.

Let's make the heart purple.

Try to mix the colors.

*Noticing colors around:*

This duck is green.

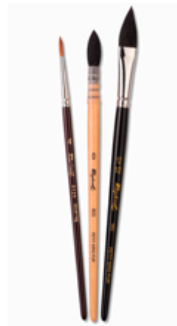

And this duck is yellow.

I see something blue.

There up high? Yes, the sky!

This is light purple.

Where is dark purple?

*Hide and seek:*

Find something gray and white.

Do you see? Yes, it is the cat!

Let's look for colors in the beans!

Blue and yellow make green, watercolors, crayons, paper, two shades of purple -light purple, dark purple, eraser, paintbrushes, colored pencils, pencils, a green duck and a yellow duck with an orange beak, a gray and white cat with pink nose and ears.
