

Where Is the Plane?

Asking „Where is ...“ when playing with the puzzle play mat or when hiding toys.

Where is the plane?

Let's find the plane.

We need the plane.

There, yes. We found it.

This is ... I don't know.

Do you know?

Playing and repeating the word more times helps learning.

I have a car. Car. Car.

Eyes of the frog. Eyes. Eyes.

Have fun with the sounds too.

Car goes vroom, vroom,...

Put the car there.

Asking „Where is ...“ when reading books.

Where is the house? Yes, on the hill.

Where is the pond?

Pond with the blue water.

Yes, there.

Do you see the white swan?
